It is therefore directed that All the Departments shall strictly implement the mandatory requirement to send for requisition for recruitment of each category of posts to the appropriate recruiting authority.

This supersedes this Department's Notification No. AR-3/Gen-9/97 dated 16th Jan, 2008 and Notification No. RCBT-5/87(Pt-II) dated 14th April 2011, and this directive shall prevail in case of contradiction with any of the previous directives issued earlier.

2. QUANTUM OF RESERVATION:

In direct recruitment, 4% (four) percent of the total number of vacancies in the cadre strength in each group of posts i.e., 'A', 'B', 'C' and 'D' shall be reserved for persons with benchmark disabilities of which, 1% one percent each shall be reserved for persons with benchmark disabilities under Section 34 clause (1) sub-clause (a), (b) and (c) and 1% one percent for persons with benchmark disabilities under sub-clause (d) and (e) namely:-

- (a) blindness and low vision;
- (b) deaf and hard of hearing;
- (c) locomotor disability including cerebral palsy, leprosy cured, dwarfism, acid attack victims and muscular dystrophy;
- (d) autism, intellectual disability, specific learning disability and mental illness;
- (e) multiple disabilities from amongst persons under clauses (a) to (d) including deaf-blindness in the posts identified for each disabilities.

3. COMPUTATION & ELIGIBILITY CRITERIA OF RESERVATION:

- (a) Reservation for persons with benchmark disabilities in case of Group 'C' and Group 'D' posts shall be computed on the basis of total number of vacancies occurring in all Group 'C' or Group 'D' posts, as the case may be, in the establishment, although the recruitment of the persons with disabilities would only be in the posts identified suitable for them. The number of vacancies to be reserved for the persons with disabilities in case of direct recruitment to Group 'C' posts in an establishment shall be computed by taking into account the total number of vacancies arising in Group 'C' posts for being filled by direct recruitment in a recruitment year both in the identified and non-identified posts under the establishment. The same procedure shall apply for Group 'D' posts.
- (b) Reservation for persons with benchmark disabilities in Group 'A' or Group 'B' posts shall be computed on the basis of total number of vacancies occurring in direct recruitment quota in the cadre in all the Group 'A' posts or Group 'B' posts

respectively, and the computation of total vacancies shall include vacancies arising in the identified and non-identified posts.

- (c) The eligibility criteria as prescribed in the respective service/recruitment rules should duly be fulfilled for recruitment in the posts identified for persons with benchmark disabilities. The persons with benchmark disabilities shall also be required to meet special eligibility criteria in terms of Functional Classification and Physical Requirements (abilities/disabilities) consistent with requirements of the identified post/service as prescribed in the **Annexure-A**.

4. IDENTIFICATION OF POSTS:

As mandated under sub-section (i) & (ii) of Section 33 of the Rights of Persons with Disabilities Act, 2016, the Expert Committee constituted vide Notification No.AR-3/GEN-9/97 (Pt) dated 13th Aug, 2019 have identified the posts suitable to be held by persons with benchmark disabilities and the physical requirement for all the Group 'A', 'B', 'C', & 'D' posts which are listed in **Annexure-A** of this notification. The lists of posts identified are subject to amendment from time to time to give effect to four per cent reservation to the persons with benchmark disabilities. However, it may be noted that:

- (a) The nomenclature used for any post shall mean and include nomenclature used for other comparable posts having identical functions.
- (b) The lists of posts notified by this Department dated are not exhaustive and the Departments shall have the discretion to identify posts in addition to the posts already identified. However, no Department shall exclude any identified post from the purview of reservation at its own discretion.
- (c) If a post identified for persons with benchmark disabilities is shifted from one group or grade to another group or grade due to change in the pay scale or otherwise, the post shall remain identified.

5. RESERVATION IN POSTS IDENTIFIED FOR ONE OR TWO OR MORE CATEGORIES:

If a post is identified suitable only for one category of benchmark disability, reservation in that post shall be given to that category of persons with that benchmark disability only. Reservation of 4% shall not be reduced in such cases and total reservation in the post will be given to persons suffering from that benchmark disability for which it has been identified. Likewise, in case the post is identified suitable for two or more categories of benchmark disabilities, reservation shall be distributed between persons with those categories of benchmark disabilities equally, as far as possible. It shall, however, be ensured that reservation in different posts in the establishment is distributed in such a way that the persons of all categories of benchmark disabilities, as far as possible, get representation to the posts identified for them.

6. APPOINTMENT AGAINST UNRESERVED VACANCIES:

In the posts which are identified suitable for persons with disabilities, a person with disability cannot be denied the right to compete for appointment against an unreserved vacancy. Thus, a person with disability can be appointed against an unreserved vacancy, provided the post is identified suitable for persons with disability of the relevant category.

7. ADJUSTMENT OF CANDIDATES SELECTED ON THEIR OWN MERIT:

In the posts which are identified suitable for persons with benchmark disabilities, a person with benchmark disability cannot be denied the right to compete for appointment against an unreserved vacancy. Thus, a person with benchmark disability

can be appointed against an unreserved vacancy, provided the post is identified suitable for persons with benchmark disability of the relevant category.

Persons with benchmark disabilities selected on their own merit without relaxed standards along with other candidates will not be adjusted against the reserved share of vacancies. The reserved vacancies will be filled up separately from amongst the eligible candidates with benchmark disabilities which will thus comprise persons with benchmark disability candidates who are lower in merit than the last candidate in merit list but otherwise found suitable for appointment, if necessary, by relaxed standards.

8. EFFECTING RESERVATION - MAINTENANCE OF ROSTERS:

- (a) Every Government establishment shall maintain separate 100 point vacancy based reservation roster registers in the format given in **Annexure-B** for determining/effecting reservation for the Persons with Benchmark Disabilities - one each for Group 'A' posts filled by direct recruitment, Group 'B' posts filled by direct recruitment, Group 'C' posts filled by direct recruitment, Group 'D' posts filled by direct recruitment.
- (b) Each register shall have cycles of 100 points and each cycle of 100 points shall be divided into four blocks, comprising the following points: **{Annexure-B (A)}**
1st Block - point No.1 to point No.25,
2nd Block – point No. 26 to point No.50,
3rd Block - point No.51 to point No. 75,
4th Block – point No.76 to point No. 100
- (c) Points 1, 26, 51 and 76 of the roster shall be earmarked reserved for persons with benchmark disabilities - one point for each of the four categories of disabilities. The Head of the establishment shall ensure that vacancies identified at No.1, 26, 51 and 76 are earmarked for the respective categories of the persons with benchmark disabilities. However, the Head of the establishment shall decide the placement of the selected candidate in the roster register.
- (d) All the vacancies in Group 'C' posts falling in direct recruitment quota arising in the establishment shall be entered in the relevant roster register. If the vacancy falling at point no. 1 is not identified for the Person with Benchmark Disability or the Head of the establishment considers it desirable not to fill it up by Persons with Benchmark Disabilities a disabled person or it is not possible to fill up that post by the Persons with Benchmark Disabilities for any other reason, one of the vacancies falling at any of the points from 2 to 25 shall be treated as reserved for the disabled and filled as such.
Likewise, a vacancy falling at any of the points from 26 to 50 or from 51 to 75 or from 76 to 100 shall have to be filled by the Persons with Benchmark Disabilities. The purpose of keeping points 1, 26, 51 and 76 as reserved is to fill up the first available suitable vacancy from 1 to 25, first available suitable vacancy from 26 to 50, first available suitable vacancy from 51 to 75 and first available suitable vacancy from 76 to 100 by persons with benchmark disabilities.
- (e) There is a possibility that none of the vacancies from 1 to 25 is suitable for any category of the Person with Disability. In that case two vacancies from 26 to 50 shall be filled as reserved for persons with disabilities. If the vacancies from 26 to 50 are also not suitable for any category, three vacancies shall be filled as reserved from the third block containing points from 51 to 75. This means that if no vacancy can be reserved in a particular block, it shall be carried over into the next block.
- (f) After all the 100 points of the roster are covered, a fresh cycle of 100 points shall start.

- (g) If the number of vacancies in a year is such as to cover only one block (say 25 vacancies) or two (say 50 vacancies), the category of the disabled should be accommodated as per the roster points, However, in case the said vacancy is not identified for the respective category, the Head of the establishment shall decide the category on the basis of the nature of the post, the level of representation of the specific disabled category in the concerned grade/post etc.
- (h) A separate roster shall be maintained for group 'C' posts for the posts filled by direct recruitment. Likewise, separate rosters shall be maintained for Group 'D' posts.
- (i) Reservation for persons with disabilities in Group 'A' or Group 'B' posts shall be computed on the basis of total number of vacancies occurring in direct recruitment quota in all the Group 'A' posts or Group 'B' posts respectively, and the computation of total vacancies shall include vacancies arising in the identified and non-identified posts in the cadre. Separate rosters for Group 'A' posts and Group 'B' posts in the establishment shall be maintained.

9. INTER-SE-EXCHANGE AND CARRY FORWARD OF RESERVATION IN CASE OF DIRECT RECRUITMENT:

- (a) Reservation for each of the categories of persons with benchmark disabilities identified for reservation shall be made separately. If the nature of vacancies in an establishment is such that a given category of person cannot be employed, the vacancies may be interchanged among the categories identified for reservation. However, the Head of the establishment shall ensure that the reasons for interchange may be recorded in writing before affecting the same.
- (b) Where, in any recruitment year any vacancy cannot be filled up due to non-availability of a suitable person with benchmark disability or for any other sufficient reasons, such vacancy shall be carried forward in the succeeding recruitment year and if in the succeeding recruitment year also suitable person with benchmark disability is not available, it may first be filled by interchange among the identified categories for reservation purpose and only when there is no person with disability available for the post in that year, the employer shall fill up the vacancy by appointment of a person, other than a person with disability. The Government establishment shall interchange vacancies only if due process of recruitment to fill up the vacancies meant for persons with benchmark disabilities has been complied with.
- (c) If any vacancy reserved for any category of benchmark disability cannot be filled due to non-availability of a suitable person with that benchmark disability or, for any other sufficient reason, such vacancy shall be carried forward as a 'backlog reserved vacancy' to the subsequent recruitment year.

In the subsequent recruitment year, the 'backlog reserved vacancy' shall be treated as reserved for the category of disability for which it was kept reserved in the initial year of recruitment. However, if a suitable person with that benchmark disability is not available, it may be filled by interchange among the categories of benchmark disabilities identified for reservation. In case no suitable person with benchmark disability is available for filling up the vacancy in the succeeding year also, the employer may fill up the vacancy by a person other than a person with benchmark disability. If the vacancy is filled by a person with benchmark disability of the category for which it was reserved or by a person of other category of benchmark disability by inter se exchange in the subsequent recruitment year, it will be treated to have been filled by reservation. But if the vacancy is filled by a person other than a person with benchmark disability in the subsequent recruitment year, reservation shall be carried forward for a further period up to two recruitment years where after the reservation shall lapse. In these

two subsequent years, if situation so arises, the procedure for filling up the reserved vacancy shall be the same as followed in the first subsequent recruitment year.

- (d) In order to ensure that cases of lapse of reservation are kept to the minimum, any recruitment of the disabled candidates shall first be counted against the additional quota brought forward from previous years, if any, in their chronological order. If candidates are not available for all the vacancies, the older carried forward reservation would be filled first and the current vacancies would be carried forward if not filled up.

10. HORIZONTALITY OF RESERVATION FOR PERSONS WITH BENCHMARK DISABILITIES:

Reservation for backward tribes is called vertical reservation and the reservation for categories such as persons with benchmark disabilities is called horizontal reservation. Horizontal reservation cuts across vertical reservation (in what is called interlocking reservation) and persons selected against the quota for persons with benchmark disabilities have to be placed in the appropriate category viz. BT/Unreserved candidates depending upon the category to which they belong in the roster meant for reservation of BTs. To illustrate, if in a given year there are two vacancies reserved for the persons with benchmark disabilities and out of two persons with benchmark disabilities appointed, one belongs to a Backward Tribe and the other to Unreserved category, then the benchmark disabilities BT candidate shall be adjusted against the BT point in the reservation roster and the Unreserved candidate with benchmark disability against Unreserved point in the relevant reservation roster.

11. RELAXATION IN AGE LIMIT:

As per Rule 38 of Nagaland Rights of Persons with Disabilities Rules, 2019 and Section 34 clause (3) of The Rights of Persons with Disabilities Act, 2016:

- (i) Upper age limit for persons with benchmark disabilities shall be relaxable (a) by ten years (15 years for STs) in case of direct recruitment to Group 'C' and Group 'D' posts; (b) by 5 years (10 years for STs) in case of direct recruitment to Group A and Group 'B' posts where recruitment is made otherwise than through open competitive examination. E.g.: Compassionate Appointment; and (c) by 10 years (15 years for STs) in case of direct recruitment to Group 'A' and Group 'B' posts through open competitive examination.
- (ii) Relaxation in age limit shall be applicable irrespective of the fact whether the post is reserved or not, provided the post is identified suitable for persons with benchmark disabilities.

12. RELAXATION OF STANDARD OF SUITABILITY:

If sufficient number of person with benchmark disabilities candidates is not available on the basis of the general standard to fill all the vacancies reserved for them, candidates belonging to this category may be selected on relaxed standard to fill up the remaining vacancies reserved for them provided they are not found unfit for such post or posts. Thus, to the extent the number of vacancies reserved for persons with benchmark disabilities cannot be filled on the basis of general standards, candidates belonging to this category may be taken by relaxing the standards by lowering the cut-off marks to make up the deficiency in the reserved quota subject to the fitness of these candidates for appointment to the post/posts in question.
